DETAILED ACTION

Allowable Subject Matter

1. Claims 5, 6, 8, 12, 13 and 16-19 are allowed.
2. The following is an examiner's statement of reasons for allowance: with regard to independent claims 5, 6 and 12, the prior art of record does not disclose nor suggest the particular structure and interaction of the client/server/personality module interface. While Pascucci discloses a system with 'personality modules' controlling devices independent of a centralized server, there is no mention of the particular structure comprising a server, a client coupled with the server and a personality module coupled with the server.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
